

The Assist for Life Project were established by Jordon Michael Sportsmarketing and Event Management to provide the company a way of doing community based projects or initiatives to help those people in need. Since 2011, ***The Round Up Project*** has raised over \$50,000.00 towards community based causes in Washington and Texas.

In September on 2015, Jordon Michael Sportsmarketing will donate 1000 Backpacks filled with school supplies to underprivileged students in grades K-12. Join us at the Outlet Collection Mall in Auburn, Washington for the Jordon Michael's " Back to School Bash" as we Assist students prepare for the 2015-16 school year.
